CONTAINMENT****TUNNELS****BASEMENTS****Project:** Gateway Bridge, The Palm Jumeirah**Client:** Nakheel**Main Contractor:** Belhasa Sixco JV**Images:****Project Description:**

The Gateway Bridge, which took two years to construct, connects the Palm Jumeirah to the Sufouh Interchange leading to Sheikh Zayed Road. The North Bridge and South Bridge are five lanes each, with each direction spanning 360m in length and 26m across. The Gateway Bridge will allow easy access to the island for potentially 40,000 workers and 5,000 vehicles each day.

Pitchmastic PmB were awarded the contract to apply PmB spray applied waterproofing to the bridge deck to ensure the long term durability of the structure.
