Project: **Olympic Development - LOT 1,3,4 Bridges and Highways Structures**

Location: **London, United Kingdom**

Principal Contractor: **Skanska**

Works Scheduled: **April 2009 and will be completed early 2010**

## **Pitchmastic PmB Continues Olympic Charge**

In 2008 the Olympic Delivery Authority were given the go ahead to build 30 new bridges spanning the numerous rivers and railways that run through the 2.5km<sup>2</sup> Olympic Park. These consisted of road bridges and footbridges to access directly the numerous venues around the 'Park' by bus (park and ride) schemes which I am sure you are familiar with, however foot and cycling has been actively promoted as 'the' way to see and absorb the Games in its entirety.

It is expected that up to 500,000 spectators will attend the 'Games' on any one day!

Following last year's awards for key infrastructure works on the 2012 Olympic Games site in Stratford East London notably Lots 1,3,4 and the Westfield site (17 structures) Pitchmastic PmB has recently been awarded further key works packages on this prestigious project.

- Aquatics centre - Podium / Walkway waterproofing - Balfour Beatty - Two Structures
- Lot 5 Wetlands - BAM Nuttall - Specialist combined waterproofing and antiskid surfacing for various locations on Stadium approach bridges
- Stratford box / Woolwich Line - Skanska - enclosure rail tunnel

## *Bridges and Highways*

- Meridian Steps - MPB - entrance to the 'Park' from the Stratford Station End to Bridge 17
- Stratford SIS - Volker Fitzpatrick - 1 Structure
- Expansion joints to various locations including Wetlands and the Aquatics Centre

## Rail infrastructure

Works are being completed at a fast pace with regular additions to the specification and the possibility of a couple of additional temporary structures thrown in, all to meet with the completion deadline for all structure works by the end of Dec 2010. It is anticipated that a live walkthrough will be undertaken spring - summer 2011.

## Water Supply

## Basements

## Car Parks

## Tunnels

## Airports

Bridge 17 Over Woolwich Line April 2010
